**Working in close partnership with our customers,
we manufacture innovative and bespoke instrumentation.**

We have over 20 years of knowledge and experience in our workshop. Our team of highly skilled technicians undertake a minimum apprenticeship of 5 years and are trained to manufacture instruments, rather than just repair them. This gives us 360 degree understanding of the challenge and the importance of correctly functioning medical devices.

INNOVATION AND CUSTOMIZATION:

Recognizing the dynamic nature of our industries, we invest in research and development to stay at the forefront of innovation. Additionally, our team is well-equipped to collaborate with clients on custom designs, ensuring that our instruments align seamlessly with their unique requirements.

QUALITY MANAGEMENT SYSTEM:

Our manufacturing emphasizes on quality above all else. Our quality control team starts by ensuring the best available stainless steel making sure that it is properly forged and processed through a highly effective quality control.

CE'S MESSAGE:

Welcome to HEXACARE,

I am delighted to welcome you to our company's catalogue. As the CEO of HEXACARE, I am proud to share our story and the core values that drive our success.

Founded with a vision of excellence, HEXACARE has grown from a modest start into a leading manufacturer of beauty, surgical, dental, and veterinary instruments. Our journey has been marked by a relentless commitment to quality, innovation, and precision. Each product we design and manufacture is a testament to our dedication to meeting the highest industry standards and exceeding our customers' expectations.

Our success is not solely attributed to our state-of-the-art technology or meticulous craftsmanship but to the passionate and skilled team behind the scenes. Their expertise and dedication are the backbone of our company, ensuring that every instrument we deliver is of exceptional quality and performance.

Looking ahead, our focus remains on pushing the boundaries of innovation while maintaining our unwavering commitment to quality. We strive to anticipate and meet the evolving needs of our clients, building lasting relationships based on trust and excellence.

Thank you for your interest in HEXACARE. We are excited about the future and look forward to continuing to serve you with the highest standards of professionalism and care.

Warm regards,

(Chief Executive)

As a trusted partner to practitioners of surgeons worldwide, we pride ourselves on our commitment, innovation, precision and uncompromising standards. Discover the epitome of craftsmanship with HEXACARE where excellence meets every touch and defines the precision of every cut, which has placed us at par with international standards.

About Us

HEXACARE is the leading manufacturer of finest quality surgical instruments and accessories in Pakistan. We combine decades of expertise with cutting-edge technology to deliver products of exceptional quality. As a trusted partner to practitioners of beauty professionals & surgeons worldwide, we pride ourselves on our commitment, innovation, precision and uncompromising standards. Discover the epitome of craftsmanship with HEXACARE where excellence meets every touch and defines the precision of every cut, which has placed us at par with international standards.

HEXACARE has evolved as a premier manufacturer and supplier of precision manufactured instruments designed to meet the exacting standards of our discerning customers. Our state-of-the-art manufacturing facility, along with a team of highly skilled craftsmen and engineers, ensures that every instrument that leaves our production line meets the highest quality standards.

- **INNOVATION AND CUSTOMIZATION:** Recognizing the dynamic nature of our industries, we invest in research and development to stay at the forefront of innovation. Additionally, our team is well-equipped to collaborate with clients on custom designs, ensuring that our instruments align seamlessly with their unique requirements.
- **QUALITY MANAGEMENT SYSTEM:** Our manufacturing emphasizes on quality above all else. Our quality control team starts by ensuring the best available stainless steel making sure that it is properly forged and processed through a highly effective quality control.
- **Global Presence:** Our products have found a global footprint, and we are proud to serve clients in beauty and surgical industries across the continents. With a strong distribution network, we ensure timely delivery of our products, backed by exceptional customer service and technical support.
- **COMMITMENT:** HEXACARE believes in the highest moral value and business ethics. Once a contract is made with a customer, we strictly follow up it in its true spirit.
- **WORLD WIDE DILEVERY:** HEXACARE offers a variety of shipping options to meet your delivery needs. Please choose from the following methods:

- **By Sea:** Cost-effective solution for bulk shipments with longer transit times.
- **By Air:** Faster delivery for time-sensitive shipments, ideal for urgent orders.
- **By Courier:** Convenient and reliable option for smaller or more immediate deliveries.

Select the method that best suits your requirements.

Mission, and Vision

At HEXACARE, our **Mission** is to revolutionize surgical care by delivering precision-crafted instruments of the highest quality. We are committed to supporting medical professionals with advanced, reliable tools that enhance performance, uphold surgical excellence, and contribute to better patient outcomes.

At HEXACARE, our **Vision** is to be guided by a commitment to excellence, HEXACARE envisions becoming the preferred choice for surgical professionals worldwide. Our vision is to set new industry benchmarks by driving innovation and fostering a global community where every medical expert can achieve exceptional outcomes through the precision and reliability of our meticulously engineered surgical instruments.

OUR CERTIFICATE

Our Services

REPAIRED

High quality materials are used, providing full traceability as every part is recorded. Replacing instruments is avoided wherever possible.

TESTED

Independent testing helps benchmark repairs against industry standards.

UPCYCLED

If an instrument is not to our high standards or we can't repair it, we will replace it with a brand new one for the cost of a repair*. This ensures continual upcycling of your trays.

MARKED

Instruments can be laser marked.

ACCREDITED

Repairs are ISO 13485 accredited.

GUARANTEED

Customers receive an industry leading 12 months warranty as standard on all instrument repairs.

INSURED

We carry full product, professional liability and transit insurance.

DELIVERED

Standard turnaround times are 1 week, an express 2 day service is available.

Our instrument technicians carry out a minimum apprenticeship of 5 years and are trained to manufacture instruments rather than simply repair them. This gives us 360 degree understanding of the challenge and the importance of correctly functioning medical devices.

*Applies to selected instruments only, please get in touch for full details.

The Repair Process

Our expertise means that instruments can be modified or remanufactured if required.

An Overview On

Forcep Jaw Types

You will see that forceps in our catalogue will have either a traditional serrated jaw or a different design which is known as atraumatic (or non-traumatic).

Traditional Serrated Jaw

The traditional serrated jaw is generally more robust and used on forceps where the areas are not as delicate.

Atraumatic Jaw

Atraumatic jaws will be mainly found in delicate surgery areas such as vascular and cardiothoracic. The design is such, that the surface area gripped is reduced, ensuring less trauma without the loss of grip.

Spring Forceps

Choosing the most suitable needle size

Our tungsten carbide inserts are available in a variety of styles. Choosing the most suitable needle size for each procedure helps give the surgeon maximum grip and control.

Coarse 0.65mm

For powerful needle holder patterns and wire twisters. Maximum holding capabilities for heavy needles or wire.

Standard 0.5mm

Used, for example, in Mayo-Hegar, Mathieu Needle Holders. For needles 3-0 and larger.

Fine 0.4mm

For delicate needle holders such as Crile-Wood and DeBakey. For needles and sutures between 4-0 and 6-0.

Micro 0.2-0.3mm

For micro needle holders such as Castroviejo, Microvascular and Mini-Ryder. For delicate needles and sutures between 7-0 and 10-0.

Smooth

Smooth tungsten carbide surface reduces damage to delicate needles and suture of 6-0 and finer.

Tungsten Carbide Needle Holders

Features and Benefits

Jaw

Tungsten carbide inserts
bonded into the jaws for
a long lasting, secure grip

Bevelled Edges

Prevents suture from snagging

Laser Etching

Date and catalogue number
are etched for easy re-ordering.
Laser etch will not harm
instrument like traditional
methods

Satin Finish

Reduces glare

Ratchets

Precisely cut for effortless
locking/unlocking

Teeth

Fine, hard teeth, diamond
cut into an insert of hardened
tungsten carbide for superior
needle grasping and suture
tying capabilities

Vacuum Brazing

Combines bonding of the
tungsten carbide insert with
the simultaneous vacuum
hardening of the instrument
for greater durability and
longevity

Shanks

Precision balanced for
comfort and control

Gold Handles

For easy identification

Endoscope Re-fibre

Hexacare manufacture their own fibrebundles in house. We cover small and larger diameter scopes and only use high quality German fibre optic material and stainless steel tubing.

Quality components, globally sourced:

- ✓ Medical grade stainless steel tubing
- ✓ German engineered new glass fibre
- ✓ New fibre cone as standard
- ✓ New solderable sapphire distal window
- ✓ New light post colour ring
- ✓ New objective in 95% of cases
- ✓ Replacement 'O' ring to prevent leakage
